About Life Lab.....	11
Foreword.....	12
Introduction	<i>Teaching and Learning with The Growing Classroom</i> 14
How to Use This Book	19
Dedication	20

GETTING STARTED

Spotlight	<i>Green Acres Elementary School, Santa Cruz, Calif.</i> 22
Getting Started	<i>Creating a School Garden as a Living Laboratory</i> 23

LET'S WORK TOGETHER: PROBLEM SOLVING AND COMMUNICATION

Spotlight	<i>Bayview Elementary School, Santa Cruz, Calif.</i> 36
Unit Introduction	<i>Let's Work Together</i> 37
Song.....	<i>Singing to the Moon</i> 38
Group Juggle.....	<i>Name and cooperation game</i> 39
I Just Love Applause	<i>Communication skills</i> 40
Lighthouse	<i>Communication and cooperation skills</i> 41
Tell It Like It Is	<i>One-way and two-way communication</i> 43
Count Off.....	<i>Problem-solving and cooperation skills</i> 45
The Wind Blows for Me	<i>Learning about one another</i> 46
Knots	<i>Cooperation and group problem solving</i> 47
Sinking Ship	<i>Behavior norms, cooperation, and problem solving</i> 48
Who Am I?	<i>Communication and cooperation through problem solving</i> 50

WE ARE ALL SCIENTISTS: AWARENESS AND DISCOVERY

Spotlight	<i>Growing to Green, Franklin Park Conservatory and Botanical Garden, Columbus, Ohio</i> 52
Unit Introduction	<i>We Are All Scientists</i> 53
Song.....	<i>Take the Time to Wonder</i> 54
Sharp Eyes	<i>Observation skills</i> 55
Candid Camera.....	<i>Visual awareness</i> 56
The Unnature Trail	<i>Observation skills</i> 57
Sound Maps.....	<i>Sense of hearing</i> 59
Big Ears.....	<i>Sense of hearing</i> 60
Only the Nose Knows	<i>Sense of smell</i> 62
Everyone Needs a Rock.....	<i>Sensory awareness skills</i> 64
Six of One, Half a Dozen of the Other	<i>All five senses</i> 66
See No Evil, Hear No Evil	<i>All five senses</i> 68
Little Munchkins	<i>Observation and recording skills</i> 69
Burma Shave Hike	<i>Awareness and observation skills</i> 71
On Location	<i>Applying observation and mapping skills</i> 73

 **THE LIVING EARTH: SOIL**

Spotlight *Ladd Lane Elementary School, Hollister, Calif.* 76

Unit Introduction *The Living Earth* 77

Song *Dirt Made My Lunch* 78

Space Travelers *Exploration of soil ingredients* 79

Sensory Soil *Soil exploration and creative writing* 81

The Nitty-Gritty *Exploration of quality and composition of garden soil* 83

Living in the Soil *Creating a healthy soil* 85

Tools and Us *Proper tool use and care* 87

To Dig or Not to Dig: That Is
the Question *Compaction and plant growth* 89

Dig Me and Dig Me Again *Soil preparation technique* 91

Soil Doctors *Soil testing for major plant nutrients* 94

What Good Is Compost? *Compost garden experiment* 96

You Look Different from
the Last Time I Saw You *Observing decomposition and nutrient cycling
of different foods* 98

Bring in the Cleanup Crew *Observing rates of decay* 100

Compost Bags *The idea of biodegradable and nonbiodegradable* 101

Let's Make a Compost Cake *Making compost* 103

The Matchmaker *Nitrogen-fixing cover crops* 105

A Warm Place to Grow *Mulching to protect plants from frost* 108

Splash *Rain and soil erosion* 111

A Day at the Races *Erosion of different planting patterns* 113

 **ALL ABOUT PLANTS**

Spotlight *Rock Creek Community Garden, Auburn, Calif.* 116

Unit Introduction *All About Plants* 117

Song *Roots, Stems, Leaves* 119

Straight from the Source *Plant and animal origins of foods* 120

Seedy Character *Classification skills and seed anatomy* 122

Let's Get to the Root of This *Root growth and function* 124

ZIP Code Seeds *Seed ordering* 126

Seed Ya Later *Seed dispersal mechanisms* 128

Adapt-a-Seed *Seed dispersal mechanisms* 130

Seed Power *Water absorption in seeds* 131

It's Getting Stuffy in Here *Depth of seed planting* 132

Lotus Seeds *A story about seed longevity* 134

Growing, Growing, Gone *Seed/plant development* 135

Glass Seed Sandwich *Root growth* 137

Run, Root, Run *Root growth behavior* 139

Let's Get a Handle on This *How plants climb* 140

Which Way Did It Grow? *Effects of gravity on plants* 142

Sugar Factories *Photosynthesis; plant production of food* 144

Sipping Through a Straw *Water absorption by plants* 146

Plant Sweat *Transpiration* 147

Photosynthesis Revealed *CO₂ utilization by plants* 149

Plants Need Light, Too *Plants' need for light* 151

Plant Food Magic *How plants make food* 153

Star Food *Effects of light on plant growth* 155

Room to Live *Effects of crowding on plant growth* 157
 Seed to Earth, Seed to Earth,
 Do You Read Me? *Effects of different soil types on seedling growth* 159
 Stem, Root, Leaf, or Fruit? *Classification of produce by the parts we eat* 161

 **LIVING LABORATORY: OUTDOOR GARDENING**

Spotlight *The Kindergarten Initiative, Philadelphia, Pa.* 164
 Unit Introduction *Living Laboratory* 165
 Song *Sun, Soil, Water, and Air* 166
 It's as Simple as One, Two,
 Three ... Four *The necessities of life: air, water, sun, soil* 167
 So What? Sow Seeds! *Soil mixing and seed sowing* 168
 Inch by Inch, Row by Row *Planning and mapping garden beds* 171
 Transplanting, or Let's
 Move 'Em Out! *Technique for planting seedlings* 174
 Water We Doing? *The effects of watering on plant growth* 176
 What's in a Name? *Observing different varieties of the same crop* 179
 Weeding, Writing, and
 Arithmetic *Observing weeded and nonweeded sections of garden* 181

 **CYCLES AND CHANGES**

Spotlight *Growing a Children's Garden, Life Lab Garden
 Classroom, Santa Cruz, Calif.* 184
 Unit Introduction *Cycles and Changes* 185
 Song *Water Cycle Boogie* 186
 The Power of the Circle *Identifying cycles in nature* 187
 The Seasons of a Tree *Observing seasonal changes* 189
 The Cycle Hunt *Study of seasons* 191
 Me and the Seasons *Seasonal differences* 193
 Collector's Corner *Categorizing seasons and creating a season display* 195
 Roundabout *Water cycle* 197
 Dr. Jekyll and Mr. Hyde *Observing how substances change* 199
 We're Just Babes in
 the Woods *Demonstrating the short time humans have been on earth* 201
 The Cycle of Recycle *Personal recycling habits survey* 203
 A Human Paper Factory *Making recycled paper* 205
 Mother Earth *Native American writings* 207

 **INTERDEPENDENCE AND GARDEN ECOLOGY**

Spotlight *Las Cañadas Huatusco, Veracruz, México* 212
 Unit Introduction *Interdependence and Garden Ecology* 213
 Song *Give Plants a Chance* 215
 Eat the Earth *Earth's finite resources* 216
 Food Chain *Concept of a food chain* 217
 The Hungry Bear *Concept of a food web* 219
 You Are What You Eat *Interdependence of a food web* 221
 Lunch Bag Ecology, Part One *Our interdependence with plants and animals* 223
 Lunch Bag Ecology, Part Two *The food supply system* 224
 DDT Chew *Role-play of bioaccumulation through a food chain* 226
 Flower Power, Part One *Flower part identification* 228
 Flower Power, Part Two *Relationships between pollinators and flowers* 230

Magic Spots.....	Observing habitats.....	233
Garden Puzzle.....	Demonstrating companion planting by role-playing.....	235
Companion Planting.....	Companion planting garden experiment.....	238
Plant Architects.....	Designing plants and observing their impact in an imaginary garden.....	240
I Need My Space.....	The effect of seed density on weeds.....	242
Natural Defense.....	The effects of “plant solutions” on crops.....	244
Under the Big Top.....	Observing interactions in the garden.....	247

 **GARDEN CREATURES**

Spotlight.....	St. John the Baptist School, El Cerrito, Calif.	250
Unit Introduction.....	Garden Creatures.....	251
Song.....	No Bones Within.....	252
Earth, Planet of the Insects.....	Effects of insects on earth.....	253
Insect Anatomy, or Make No Bones About It!.....	Identifying insect parts.....	255
The Butterfly Flutter By.....	Observing insect life cycles.....	257
Who Lives Here?.....	Observing and collecting of insects.....	260
Buggy Diner.....	Feeding preferences of insects.....	263
Ladybug, Ladybug, Fly Away Home.....	Observing beneficial garden insects.....	265
Slimy Characters on Trial.....	Identifying pest and pest damage.....	267
My Friend Tummy-Foot.....	Snail anatomy and behavior.....	269
Following the Thread.....	Observing garden spiders.....	273
The Great and Powerful Worm.....	Observing worms as soil tillers and decomposers.....	275

 **WEATHER AND CLIMATE**

Spotlight.....	Pacific Elementary School, Davenport, Calif.	278
Unit Introduction.....	Weather and Climate.....	279
Song.....	Solar Energy Shout.....	280
Degrees Count.....	Reading a thermometer.....	281
Temperature Hunt.....	Using a thermometer.....	283
The Station Creation.....	Making a weather station.....	285
Keeping Track.....	Collecting and recording weather information.....	287
The Great Weather Exchange....	Exchanging weather information with another school.....	290
Feeling Hot, Hot, Hot.....	Heat retention and loss in different substances.....	292
A Ravishing Radish Party.....	Growing plants in different microclimates.....	295
Catch the Sun.....	Constructing a mini solar collector.....	299
A Shoebox of Sunshine.....	Constructing a miniature greenhouse.....	301
What’s the Angle?.....	Modeling earth’s revolution around the sun.....	304
A Journey to Different Lands	Researching regional and world climates.....	306

 **HEALTHY EATING**

Spotlight.....	Cherryland Community Garden, Hayward Nutritional Learning Community Project, Hayward, Calif.	310
Unit Introduction.....	Healthy Eating.....	311
Life Lab’s Healthy Eating Tips.....		312
Go, Grow, and Glow.....	Introduces why we eat healthy foods.....	313
I Eat My Peas with Honey.....	Individual food choice survey.....	315
Power Plate.....	Balancing the food groups.....	317

Power Snack.....	Recipe for a balanced snack	319
Eat a Rainbow.....	The value of eating a variety of fruits and veggies.....	321
Rainbow Smoothie.....	Recipe for a colorful smoothie	323
Processed or Not?.....	The impact of processing on nutritional value of food	325
Salsa, Salsa!.....	Recipe for a minimally processed salsa.....	329
When I Was Little	Eating habits through generations	332
Food Planners.....	Reinforcing the importance of a balanced diet	334

NUTRIENTS

Spotlight	GrowingGreat, Manhattan Beach, Calif.	336
Unit Introduction.....	Nutrients	337
Invisible Gold	Introducing the idea of food nutrients.....	338
Catching Complex		
Carbohydrates.....	Testing foods for complex carbohydrates.....	340
Show Me the Sugar.....	Testing foods for simple carbohydrates: sugars.....	342
Finding Fats.....	Testing foods for fat	344
Burn Out	Exploring how our bodies produce energy	346
Water You Made Of?	Introducing water as a nutrient.....	348
Proteins to Grow On	Testing foods for proteins.....	350

FOOD SYSTEMS AND CONSUMERISM

Case Study	Hayward Nutritional Learning Community Project, Markham and Muir Elementary, Hayward, Calif.	354
Unit Introduction.....	Food Systems and Consumerism	355
Supermarket Snoop	Supermarket field trip survey	356
What's Really in the Can?	Reading and understanding packaged labels	358
The \$1,000,000 Orange.....	Why processed food costs more	360
This Little Lettuce Went to Market	Steps from farmer to market	362
The New Improved Diet.....	Effects of advertising	364
Try It, You'll Like It!.....	Influence of advertising.....	365
Buy Me! Buy Me!	Influences on personal selection of food choices	367
Feast or Famine	Developing awareness of hunger in the world.....	368
Market Garden: Grow and Sell Time.....	Setting up a market garden	370

APPENDIX

BLACKLINE MASTERS

LESSON MATERIALS

The Scientific Method: Guess, Test, and Tell.....		375
Pattern Sheet	From Tell It Like It Is	376
Activity Cards	From The Wind Blows For Me.....	377
Riddles.....	From "Who Am I?"	378
Clay, Silt, Sand Chart.....	From The Nitty-Gritty.....	379
Food and Source Cards	From Straight From the Source	380
Nutrient Cycle	From The Power of the Circle	384
Oxygen Cycle	From The Power of the Circle	385
Water Cycle	From The Power of the Circle	386
Wheel, Part One.....	From Me and the Seasons.....	387

Wheel, Part Two *From Me and the Seasons*..... 388
 A Very Short History of Trash... *From The Cycle of Recycle*..... 389
 Pollinator Cards..... *From Flower Power, Part Two*..... 390
 Insect Anatomy..... *From Insect Anatomy, or Make No Bones About It!* 392
 Minimum-Maximum
 Thermometer *From The Station Creation*..... 393
 Wind Vane *From The Station Creation*..... 394
 Wind Speed: Sensing
 the Wind *From The Station Creation*..... 395
 Measuring Humidity *From The Station Creation*..... 396
 Barometer *From The Station Creation*..... 397
 Rain Gauge *From The Station Creation*..... 398
 Markers *From Keeping Track*..... 399
 Weather Symbols Key #1 *From Keeping Track*..... 400
 Weather Symbols Key #2 *From Keeping Track*..... 401
 Energy Movement Diagram..... *From A Shoebox of Sunshine*..... 402
 Climate Zone Map *From A Journey to Different Lands* 403
 Power Plate *From Power Plate* 404
 Food Cards *From Power Plate* 407
 Nutrient Chart..... *From Eat a Rainbow* 412
 Rainbow Cards *From Eat a Rainbow* 413
 Invisible Gold *From Invisible Gold* 414

STUDENT LAB SHEETS

Observation Sheet..... 416
 To Dig or Not to Dig:
 That Is the Question..... *From To Dig or Not to Dig: That Is the Question* 417
 What Good Is Compost? *From What Good Is Compost?* 418
 You Look Different From
 the Last Time I Saw You..... *From You Look Different From the Last Time I Saw You* 419
 The Matchmaker..... *From The Matchmaker*..... 420
 A Warm Place to Grow..... *From A Warm Place to Grow* 421
 Splash *From Splash*..... 422
 A Day at the Races..... *From A Day at the Races* 423
 Let's Get to the Root
 of This *From Let's Get to the Root of This*..... 424
 Seed Ordering Chart *From ZIP Code Seeds*..... 425
 Let's Get a Handle on This..... *From Let's Get a Handle on This*..... 426
 Star Food *From Star Food*..... 427
 Water We Doing? *From Water We Doing?* 428
 What's in a Name?..... *From What's in a Name?* 429
 Weeding, Writing,
 and Arithmetic..... *From Weeding, Writing, and Arithmetic*..... 430
 Self-Survey..... *From The Cycle of Recycle*..... 431
 Self-Survey Results *From The Cycle of Recycle*..... 432
 Companion Planting..... *From Companion Planting*..... 433
 I Need My Space..... *From I Need My Space* 434
 Natural Defense *From Natural Defense*..... 435
 Buggy Dinner..... *From Buggy Dinner*..... 436
 Temperature Hunt..... *From Temperature Hunt* 437

Keeping Track..... *From Keeping Track*..... 438
 Comparison Graph..... *From The Great Weather Exchange*..... 439
 Feeling Hot, Hot, Hot *From Feeling Hot, Hot, Hot* 440
 A Ravishing Radish Party..... *From A Ravishing Radish Party* 441
 A Shoebox of Sunshine *From A Shoebox of Sunshine*..... 442
 Research Questions..... *From A Journey to Different Lands* 443
 Catching Complex
 Carbohydrates..... *From Catching Complex Carbohydrates*..... 444
 Show Me the Sugar..... *From Show Me the Sugar* 445
 Finding Fats..... *From Finding Fats*..... 446
 Burn Out *From Burn Out*..... 449
 Proteins to Grow On *From Proteins to Grow On* 450
 What You Bought Chart..... *From Buy Me! Buy Me!* 451

GARDEN AND COOKING HOW TO'S

Seed Starting and Transplanting..... 452
 Make Your Own Paper Pots..... 455
 Vegetable Planting Guide 456
 Vegetable Planting and Harvesting Tips 458
 Year-Round Garden and Planning Tasks 461
 Companion Planting Guides 462
 Watering Tips 464
 Steps for Preparing In-Ground Garden Beds 465
 Composting 466
 Let Worms Make Your Compost..... 468
 Tips for Creating a Healthy Garden Ecosystem 470
 Tips for Cooking With Kids 472
 Food Rainbow..... 477

BUILDING PLANS

Building a Coldframe for Your Garden..... 478
 Plans for a Planter Box 480
 Plans for a Seed-Sowing Flat 481
 Making and Using Root View Boxes 482
 Making a Worm Box..... 484
 Insect Collecting Net..... 485

ENGLISH/SPANISH VOCABULARY LIST 486
