Creating and Sustaining Your School Garden

A free one-day workshop for developing School Garden Programs

The CSYSG Workshop is for teams working to create or enhance a school garden program. This FREE workshop covers planning and designing a school garden, basic gardening skills, curricular connections, and outdoor classroom management.

Spring – Summer 2012

San Diego – Saturday April 14

Santa Cruz – Saturday April 21

Davis – Saturday April 28

Los Angeles – Saturday May 19

Modesto – Saturday June 16

Hayward – Saturday June 23

CSYSG Train the Trainers

Preparing Others to Replicate the Creating and Sustaining Your School Garden Workshop Model

A unique training and networking opportunity for garden-based educators and organizations to provide professional development and technical assistance to California school garden programs.

Spring – Summer 2012

Santa Cruz – Friday April 20

San Diego – Monday April 23

Davis – Friday April 27

Los Angeles – Friday May 18

Modesto – Friday June 15

Hayward – Friday June 22

Project leads include Life Lab, UC Davis Children's Garden Program, and The Resource Conservation District of Greater San Diego County, all in collaboration with the California School Garden Network. The California School Garden Training Program is funded by a California Department of Food and Agriculture Specialty Crop Block Grant. The program will train 1,500 people creating and sustaining school gardens from 2012-2014.
